TRIP ITINERARY

VALENCIA - ALICANTE - TABARCA

Departure from Valencia (Pantera Rosa and Nuevo Centro) to Alicante.

On arrival, we will take a guided tour around the city with a local guide, where we will see the historical centre, the iconic Barrio de Santa Cruz, and of course the highlight of the trip with a visit to Santa Bárbara castle.

After leaving the castle, we will head to the port to set off towards Tabarca island, the smallest inhabited island in Spain. At the island we will be able to admire the views and the crystal clear waters that are so characteristic of the island.

We will then have lunch to try out the local cuisine, based on seafood and local Alicante market garden produce. We will then return to the port of Alicante, and from there we will return to Valencia.
